This policy must have been purchased prior to the commencement of a Rental Agreement for which the Insured wishes this Cover to be operative.

"Car Rental Agreement" means the contract signed by the lead named driver (who must be the name on the Insurance Certificate as issued) that states the excess to which the lead named driver is responsible.

IMPORTANT NOTICE:

This policy operates on a pay and reclaim basis. If in the unlikely event you do have an accident in your hire car, you will be required to pay the excess due to the hire company from which you hired the vehicle. All receipts and documentation as requested under the 'making a claim section' on the policy wording should be kept and a claim submitted upon your return for reimbursement.

Blue Insurance Limited is regulated by the Central Bank of Ireland.
